

**Panta Aerospace B.V. Acquisition of GKN Aerospace Netherlands B.V.'s Subsidiaries
Fokker Services B.V. and Fokker Techniek B.V.**

Effective immediately, Panta Aerospace B.V., a Dutch company, has acquired GKN Aerospace Netherlands B.V.'s subsidiaries Fokker Services B.V. and Fokker Techniek B.V., whose names and addresses will not change. Although the names and addresses of Fokker Services B.V. and Fokker Techniek B.V. will remain the same, U.S. agreement holders will need to amend certain agreements to reflect the changes in roles and activities of various foreign licensees and sublicensees.

Due to the volume of authorizations requiring amendments to reflect this change, the Deputy Assistant Secretary for Defense Trade Controls is exercising the authority under 22 CFR 126.3 to waive the requirement for amendments to change currently approved license authorizations. The amendment waiver does not apply to approved or pending agreements.

All currently approved DSP authorizations identifying Fokker Services B.V. and Fokker Techniek B.V. will not require an amendment to reflect this change. Fokker Services B.V. and Fokker Techniek B.V. must provide a copy of this web notice to each applicant to be attached to the currently approved license(s).

All currently approved agreements will require an amendment to be executed to reflect the changes in roles and activities of foreign licensees and sublicensees. The agreement holders will be responsible for amending their agreements.

Fokker Services B.V. and Fokker Techniek B.V. must notify the agreement holder of the effected acquisition. Pending agreement applications that require amending must be brought to the attention of the assigned Agreements Officer. The necessary changes will be made prior to issuance when the Agreements Officer has been notified.
